	APPROVAL OF STATE ENGINEER
	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
	wing limitations and conditions:
	This permit is issued subject to all existing rights on the source. It is
inde	erstood that the amount of water herein granted is only a temporary allowance
he	that the final water right obtained under this permit will be dependent upon amount of water actually palaced to beneficial use. It is also understood
hat	t this right must allow for a reasonable lowering of the static water level
t p ubs	permittee's well due to other ground water development in the area. A
ent	stantial weir or other type of measuring device must be installed and measure- ts of water use kept. The well shall be equipped with a 2-inch opening for
ieas	suring depth to water. If well is flowing, a valve must be installed and itained to prevent waste. The State retains the right to regulate the use
of t	the water herein granted at any and all times.
